## St. George Children Attend Vacation Bible School

**Eight children** and helpers attended Vacation Bible School in the spacious Center and Church Grounds of St. George Church in Aliquippa, July 18 and 19. The theme of our camp was "Great things come in small packages". We remembered the Bible verse: *"For where two or three have gathered together in My name, I am there in their midst."*

The two day camp included lessons on the Byzantine Catholic faith, belief in God, venerating icons, the Holy Trinity, and taking what's good out of every situation and sharing it with others. We also made crafts, listened to Tamburitza music and shared lunch.

It was a blessed time!

## Friends

God Bless our children for their desire to attend Vacation Bible School each summer. They come together willingly and enthusiastically to learn, have fun, and spend time with their friends at their Church. May they always feel at home at our Church as they grow and may we encourage them in this goal. God grant them many blessed years!
